FROM THE EVENT MANAGERS

Welcome to the 2019 edition of the Carlisle Import & Performance Nationals. We are truly excited about this event each year as it brings more diversity to Carlisle than any of our other events. The vehicles here span more than 100 years and come from all corners of the globe. The styles range from stock and restored to full custom builds directly from the floor of the SEMA Show.

In addition to show cars, the event has activities for all to enjoy from the ever-popular drifting and autocross to the drift limbo, low car limbo, Ms. Carlisle contest, burnout contest, and the always-popular rolling exhaust contest. There are also Passport checkpoints scattered around the showfield that highlight countries represented here at the show. We encourage you to check out the varying activities because there is always something going on – see page 19 for the schedule.

2019 brings a set of new celebrations and anniversaries to the event. Check out Building T for the 25th Anniversary of the Subaru WRX STI and the 40th of the Volkswagen Jetta then swing into Building Y for the 100 Years of Citroën spotlight of some awesome French cars. Speaking of French cars, visit the Renault Alpine display in Building R. Also in Building R is a display featuring 80 years of motorized bikes and scooters. The Race Paddock in the Pavilion has some cool racecars on display from our friends at the PA Hillclimb Association.

Before you go, visit Guest Services and register for next year's Showfield to save 20%. Next year we will be celebrating 50 Years of the Datsun/Nissan Z, 50 Years of Mitsubishi automobiles, 100 Years of Mazda, and 50 Years of the always-classy BBS wheels. Apply for next year's celebrations at CarlisleFeatures.com.

As always, thanks for joining us and we will see you next year!

- See the SAAB Club's 2018 winners on display in the huge tent on the showfield

VENDORS, MIDWAY & CAR CORRAL

The locations of vendors and Manufacturers Midway partners are listed on pages 22-23, just after the map in the centerfold. The Car Corral is reserved just for the sale of vehicles. Title transfer services are available at the Notary Office in the Pavilion. There are ATMs in Building T and Guest Services.

PASSPORT SCAVENGER HUNT

Go on a scavenger hunt through the showfield and when you find the checkpoint for each vehicle's country of origin, get your passport stamped on page 35. Go to Guest Services after your passport is filled to pick

up your 2019 pint glass (while supplies last) and a chance to win an additional prize.

CLUB CHALLENGE & COOLEST CLUB HANGOUT

The three clubs with the most registered showfield participants and the one with the coolest hangout will be presented with a one-of-a-kind banner to hang at their tent. Winners are posted Sunday at 9 AM on the Winners' List (located outside Guest Services). Clubs can earn points toward the hangout award by donating to the Toy Drive.

AUTOCROSS & DRIFTING

PRESENTED BY NICOCLUB.COM

Autocross and drifting exhibitions take place on the track (see map, page 21). Seating is on top of the hill.

TO PARTICIPATE:

- Registration fee of \$40 is payable at the NICOclub tent on the hill, unlimited runs (this is not a competition)
- Must be 18 years of age or older and a licensed driver
- A showfield registration sticker, driver's license and proof of insurance are required
- All makes of cars welcome, must pass NICOclub's technical inspection

- Helmets required, no rentals available, no exceptions
- A complete list of rules and regulations is available from NICOclub

CARLISLE ELITE

Our staff will choose ten vehicles from the showfield to receive Carlisle Elite awards on Friday. To be eligible, all you need to do is have your registered vehicle parked on the showfield. Winners are presented with their awards as they are selected.

TOY DRIVE

Donate an unwrapped toy or cash for Toys for Tots, and other children in need. Donations are taken by the Renault Club in Building R until 3 PM Saturday.

JUDGING

PRESENTED BY EJUDGED.COM

Vehicle judging is an option to all showfield participants for an additional fee and is done in a drive-through format in the Pavilion.

TO PARTICIPATE:

- Vehicle must be registered for drive-through judging
- Judging is Saturday 10-5
- Judging times on page 24
- Judging standards on pages 25 & 26

WATCH CARS MANEUVER THROUGH CONES IN THE DRIFT LIMBO CONTEST

- Winners' List posted Sunday at 9 AM outside Guest Services
- Awards pick-up in Guest Services starts Sunday 9 AM

CITROËN PARADE

Watch 100 years of Citroën history during this parade on Saturday at 9:15 AM. See map for parade route.

CITROËN BIRTHDAY CAKE

Join the Citroën Club at their tent between Buildings T and Y on Rows D & E for cake in celebration of the brand's 100th birthday Saturday at 4 PM.

PEOPLE'S CHOICE CITROËN JUDGING

Visit the Citroën Club Tent for "people's choice" judging on Saturday 9 AM-3 PM. **All show attendees are invited to choose their favorite Citroën.** Award winners will be announced at the Citroën banquet Saturday night.

ROLLING EXHAUST CONTEST

Awards will be presented for the three best-sounding exhausts. Competitors line up near Gate 6 and rev and accelerate up the hill toward Gate 5. There are two qualifying rounds before the grand finale. See page 19 for schedule.

TO PARTICIPATE:

- A showfield registration sticker, driver's license and proof of insurance are required
- 20 contestants per round; names of qualifiers for the grand finale will be posted at Guest Services at 1 PM Saturday
- Register at Guest Services; first-come, first-served

DRIFT LIMBO

Watch drivers test their skills on the track. They will try to drift their cars between cones that will be moved closer together each round until a winner is crowned. Seating is at the top of the hill.

TO PARTICIPATE:

- Competitors sign up on top of the hill at the NICOclub Paddock
- The same participation rules apply to this contest as to Autocross & Drifting (no additional fee)

LOW CAR LIMBO

Watch as the lowest cars do the limbo! They'll drive under the limbo bar in front of the Grandstand until the last one manages to make it without knocking it over or spinning their tires.

TO PARTICIPATE:

- A showfield registration sticker, driver's license and proof of insurance are required
- Register at Guest Services

MS. CARLISLE CONTEST

Be at the Grandstand to encourage and cheer for the contestants. Cash prizes go to the 1st, 2nd and 3rd place winners!

TO PARTICIPATE:

- Ladies must be at least 18 years of age with valid ID
- Register at Guest Services

BURNOUT CONTEST

Come for the always entertaining burnout contest Saturday at the Grandstand. Winner gets a trophy and free showfield registration! Special this year, for our Summer of '69 Celebration, any driver who pops a tire within 69 seconds wins \$69!

TO PARTICIPATE:

- A showfield registration sticker, driver's license and proof of insurance are required
- Limited to 10 vehicles, 3 minutes each
- Register at Guest Services

WORSHIP SERVICE

The Salvation Army leads a non-denominational worship service on Sunday at 9 AM in Building R. Everyone welcome!

Citroën was founded by its namesake, André Citroën, in 1919 with the goal of building an affordable car for the people of France. His vehicles were the first to be mass produced in France resulting in 100 units per day. That first vehicle was the 10 HP Type A and more than 24,000 were produced. Although Citroën borrowed heavily from Ford with its production methods and even the design of that first car, the company actually introduced numerous innovations that are still in use today.

The Citroën Traction Avant pioneered such advancements as unibody construction, front-wheel drive and four-wheel independent suspension in a mass produced vehicle. The first production car with modern disc brakes was also built by Citroën. As proof of the viability of these developments, the Citroën 2CV remained nearly unchanged from 1948 through 1990.

Special thanks to the Citroëns @ Carlisle club for helping bring a special celebration to life to celebrate this amazing milestone.

25 YEARS OF THE SUBARU WRX STI

Introduced in 1994 in Japan, the Subaru WRX STI became an instant hit in the rally and street racing world. Upgraded with a better suspension, stronger transmission and blueprinted performance tuned engine, the STI has been a staple for years in the Subaru performance stable. At the 2019 Carlisle Import & Performance Nationals we'll celebrate 25 years of this awesome car inside Building T.

40 YEARS OF THE VW JETTA

Debuting in 1979, the VW Jetta became an instant hit for North America. The car was positioned to fill the sedan niche above VW's popular golf hatchback and was available in two-door and four-door variants. Fast forward to today and the Jetta is now in its 7th generation and is a staple in almost any commercial parking lot.

THEIR OIL

AMSOIL

Testing conducted in an independent laboratory using AMSOIL Signature Series 5W-30 Synthetic Motor Oil against a leading brand 5W-30 synthetic-blend motor oil in Ford* F-150 trucks with 3.5L twin-turbo engines.

Your bearings shoulder the burden whenever you tow, haul or stomp the gas. AMSOIL delivers powerful protection for bearings and other critical components so you can drive with confidence. To demonstrate, an independent lab put AMSOIL synthetic motor oil head-to-head against a leading competitor in a 100,000-mile test. AMSOIL provided far superior wear protection and kept bearings looking like new. Get your ride the protection it deserves.

A&A AUTO STORES

A&A Auto Stores started as a family business in 1958. Sixty years later, A&A Auto Stores continues to be a leader in the aftermarket auto parts industry. With 18 locations in Eastern and Central Pennsylvania, A&A Auto is showing no signs of slowing down. In January, A&A Auto Stores opened their newest retail location and install shop at 1053 Harrisburg Pike, less than a mile from the Carlisle Fairgrounds.

A&A has become a household name within the Carlisle Events community as 2019 will mark their 19th year of participating. A&A's footprint continues to grow each year. A&A offers FREE installations of exhaust systems at all of Carlisle's car and truck show events from leading brands like: Magnaflow, Borla, Corsa, Flowmaster, Billy Boat and Kooks. In addition, A&A brings a wide variety of automotive products, accessories and expert knowledge to each Carlisle event including a comprehensive product line of truck and off-road performance parts from suppliers like

Extang, Trail FX, K&N, AFE, Volant, American Car Craft, Edelbrock, and Titan Lifts to name a few.

Carlisle Events brings together enthusiasts from all over who are genuinely interested in discovering new suppliers and products. A&A are enthusiasts too and take tremendous satisfaction in knowing that they are in the position to get their customers exactly what they need.

AMSOIL

AMSOIL specializes in developing synthetic lubricants that offer innovative answers to the greatest challenges vehicles present. The extraordinary performance of AMSOIL synthetic lubricants in a range of markets – automotive, powersports, industrial, racing and more – has made their influence in the industry unmistakable and their brand highly respected. Their commitment to innovation has resulted in legions of brand-loyal customers.

It has also resulted in a full line of exceptional specialty products. AMSOIL Signature

Series Synthetic Motor Oil, for example, provides 75 percent more engine protection against horsepower loss and wear than required by a leading industry standard.* Engineered for classic and high-performance vehicles, AMSOIL Z-ROD® Synthetic Motor Oil features a high-zinc formulation to prevent wear on flat-tappet camshafts, and a blend of rust and corrosion inhibitors for added protection during storage.

Their synthetic lubricants – formulated, blended and packaged in Superior, WI – set the standard, providing next-level protection and world-class performance.

*Based on independent testing of AMSOIL Signature Series 5W-30, in ASTM D7320 as required by API SN specification.

HAGERTY

In 1984, classic car and boat enthusiasts Frank and Louise Hagerty couldn't find insurance for their treasured wooden boats, so they created their own. In the four decades since, Hagerty has become the global leader in collector car, motorcycle, truck and boat insurance, with offices in the U.S., Canada and the U.K., and has expanded beyond insurance to offer vehicle valuation tools, the award-winning Hagerty magazine, roadside service built for classics and much more.

Everything Hagerty does is built around a passion for cars, and a sincere desire to make the experience of owning classics better. They do this by offering Guaranteed Value coverage and claims handled by collector car experts, along with content and resources directed at automotive enthusiasts. Hagerty also works to keep car culture alive through their advocacy efforts, including the Driving Experience which teaches young people to drive a manual transmission; the RPM Foundation which funds careers in restoration and preservation; and support of the Historic Vehicle Association's mission to preserve automotive history. REPAIRING INTERFERENCE ENGINE WITH A BROKEN TIMING BELT

Friday 2 PM, Building R

The debut of the AMC-Renault Alliance (essentially a Kenosha-ized Renault 9) in 1983 impressed the writers at Motor Trend magazine to the point that they gave it the Car of the Year award that year and the next. However, it did not take long for new buyers to realize that the Alliance combined the very worst aspects of French build quality; in this case the idler and tensioners were regularly failing long before their anticipated life expectancy. Additionally, the majority of AMC technicians weren't remotely prepared to service these vehicles. This was compounded by the average American automobile owner's willingness to put off preventive maintenance, which ultimately led to an inevitable epidemic of broken timing belts, bent valves, and even broken pistons. In an effort to help anyone who has ever had a timing belt break on an interference engine, this seminar will give you step-by-step instructions to get your car back on the road. The seminar is presented by: Nick Dimopolus, Former Renault dealer from Danvers, MA; Lloyd Mathis, owner of one of the largest collections and a leading authority on the model; and John Vogler, former Renault Technician. Each presenter has three decades of experience with the brand.

WELCOME TO CITROËNS AT CARLISLE / HISTORY OF CITROËNS AT CARLISLE

Friday 4 PM, Citroën Tent (D 140)

The club "Citroëns at Carlisle" has been part of every Carlisle Import show since the first one in 1986. This group has gone through changes, just as the show has, but they are both still together more than 30 years later. This seminar will begin with a "Welcome to Citroëns at Carlisle" followed by a history presentation by Brad Nauss. Brad is the owner of Brad Nauss Automotive in neighboring Mechanicsburg. Brad has attended every Carlisle Import show since the show's inception. He will discuss the history of Citroën in Central PA and how Citroëns have been a part of this event since 1986.

MY VISIT TO THE CITROËN CONSERVATORY BY PETER YASIGIAN

Friday 5 PM, Citroën Tent (D 140)

If you've ever wanted to tour the Citroën Conservatory, this might be your best opportunity short of a trip to France. This is the largest Citroën collection in the world with over 400 vehicles on display. The collection also houses all things related to the brand including artifacts and all manners of historic information. The vehicles range from

1919 (the first year of production) to the current models as well as concepts. This virtual tour will be presented by Peter Yasigian, long time Citroën collector from Plymouth, Massachusetts and Venice, Florida. Peter will show slides and discuss his visit to the Citroën museum in Aulnay, France.

CITROËN AND THE AMERICAN AUTOMOTIVE INDUSTRY

Saturday 10 AM, Citroën Tent (D 140)

Citroën has closer ties to the American auto industry than one might think given how different the cars are from the two countries. This seminar will be presented by Per Ahlstrom from Yardley, Pennsylvania. Per is a long time Citroën enthusiast, who has researched the history of Andre Citroën and his company. Per will discuss Citroën's admiration of American automotive technology in general and about his cooperation with Budd Company in particular. The Budd Company in Philadelphia had a big part in Citroën's revolutionary development of an all steel unibody car in 1934.

THE CITROËN-PANHARD LINKUP: DESPERATION, NECESSITY, CREATIVITY

Saturday 11 AM, Citroën Tent (D 140)

This discussion will be presented by Paul Brown, long time Citroën/Panhard enthusiast. Paul will discuss the Panhard-Citroën linkup and its impact on the success of the 2CV truckette, the early Ami6, and the design of the Dyane. He'll also touch on some other areas in which the companies' operations intersected, in a presentation including fascinating historical photos and graphics. Paul lives in Winston-Salem, NC. He is a former NPR world newscaster, editor, news executive and reporter, a musician, and a media and education consultant. His 1960 Panhard PL17 will be on display in the Citroën invitational display.

CITROËN HYDRAULIC SYSTEMS

Saturday 2:30 PM, Citroën Tent (D 140)

Certain Citroën models are well known for their hydraulic suspension systems but they are not always fully understood. Dave Burnham is the owner of Dave Burnham Citroën Repair and Restoration in Delanson, NY. He will discuss the Citroën hydraulic system and as always, he will have items for show and tell, and have time for your questions as well. Dave is recognized as one of the premier Citroën repair and restoration shops in the USA. With 42 years of Citroën experience, Dave is a respected part of the Citroën community. His seminars are always interesting and full of information.

Exterior

Body & Paint:

10 POINTS

This category is based on panel alignment & straightness, body kit (fitment, rarity of product, etc.), paint/glass condition, shaving, body part or lighting conversions, wide body, and/or any other custom bodywork.

Suspension:

5 POINTS

Type of suspension (static/air/etc). Also taking into consideration: attention to detail, ride height, undercarriage upgrades, fitment and finish of products, powdercoating/plating, install of air components.

Brakes:

5 POINTS

The judges are looking for big brake or custom brake upgrades. Are both the front and rear upgraded? Quality and rarity of product? Also taking into consideration any other braking accessories, brake lines, and custom finishes on the braking system.

Wheels & Tires:

10 POINTS

This category focuses on the uniqueness, rarity, and fitment of the wheels and tires. Also taking into consideration cleanliness and custom finishes.

Overall Quality:

10 POINTS

This category focuses on the overall execution of the vehicle's exterior. Scores will be based on attention to detail, use of color & unique finishes, graphics, quality of finish, accessory lighting, and cleanliness.

Engine Bay

Appearance & Performance:

10 POINTS

This category focuses on engine bolt-ons, custom fabrication, aspiration (turbo/supercharger/etc), motor swap, use of paint and or custom plating/finishing, cleanliness of wiring, nitrous oxide, accessories.

Overall Execution:

10 POINTS

Craftsmanship is key in this category. Judges will evaluate safety upgrades, performance engineering, one-off/custom parts, attention to detail, quality of plating/polishing/finishes, and most importantly level of difficulty (ie motor swap, turbo, shaved bay, wire tuck, rhd or rwd conversions, etc).

Interior

Passenger Compartment:

10 POINTS

This category focuses on the seating area - taking into consideration the condition and quality of dash, seats, accessories, unique features, roll cage or roll bar(s), use of fabric/materials, and overall upholstery.

Trunk -

10 POINTS

Entertainment vs. Motorsport Theme

This is a progressive judging category which takes into consideration the theme of the vehicle build. In this category, motorsport or performance themed vehicles do not lose points for not including a custom audio/video install.

Audio/Show Car themed vehicles will be scored based on In Car Entertainment, audio install (visual), video sources and tv/monitors, quality/rarity of products, air suspension components installed in cargo area, etc.

Motorsport/Performance themed vehicles will be scored based on fuel cell install, roll cage components in trunk or rear suspension area, suspension components, strut bars, braces, safety equipment, quality/rarity of products, etc.

Overall Quality:

10 POINTS

Attention to detail, use of color/finishes, materials, fitment, cleanliness, fabrication, level of customization.

Show Quality

The Show Quality portion of the scoresheet is a comprehensive look at the build's overall execution and style. These two categories are judged based on the universal 5-star rating system. Those possible 10 stars count as the final 10 points of your overall score.

Originality/Uniqueness:

5 STARS

Rare vehicles or more common vehicles with unique modifications and rare parts will score higher.

Overall Execution:

5 STARS

Overall quality of build. Fitment throughout all aspects of vehicle. Does the vehicle flow? Is it period or era correct? Is it relevant to current trends? Is the vehicle still functional?

The overall score is based on a possible 100 TOTAL POINTS.

Judging Standards (continued):

Stock, Restored & Preserved Vehicles:

Due to the unique format of Carlisle's Import & Performance Nationals, not all vehicles will fit strictly into the official "Judging Standards" score sheet. Vehicles that have been purposely kept stock for restoration or preservation purposes will be judged on slightly different criteria. All drivers must consider that they are competing against a flawless version of their build on a score sheet, rather than against the other competitors in their class, whether the vehicle is stock, subtle, or aggressively modified. Some classes may include both stock and modified vehicles.

Restored and preserved vehicles will be judged on the same visual areas of their vehicles – *Exterior, Engine Compartment, Interior/Trunk, Overall Execution, etc.* Deductions can be given for imperfections in paint/materials, scratches, general dirty upkeep, etc. Further deductions can be given for bolt-ons and custom modifications as well. If you are building a restoration project, you must keep in mind that all aspects of the build must be "period correct" for age of the vehicle. A properly restored vehicle should now once again have the appearance of a show room vehicle from its original production date – with zero or few aftermarket modifications. A preserved vehicle may show some age, but should still overall maintain its factory show room appearance. Replacement parts should be "period correct" and should be OEM equipment.

Deductions and scoring will be weighed accordingly, so that stock (restored and preserved) vehicles that appear in the same classes as modified vehicles, will be considered on a level playing field for placement within the final results. The event judging staff has gone through a training and selection process to be a part of this event.

BRAD NAUSS AND HIS 1950 TRACTION AVANT 11BL AT THE 2012 EVENT WHERE HE WON A CARLISLE ELITE AWARD

By Brad Nauss

I was born in Mechanicsburg, PA and grew up in nearby Northern York County. I always seemed to have a wrench in my hand. I took an interest in anything mechanical while watching and helping my dad. In 1970, I started at Red's Citroën Sales and Service in Lewisberry, PA. Donald "Red" Dellinger had been in business since the mid '60s.

I started my Citroën career in the wash rack, cleaning and detailing new and used Citroëns. As I was nearing 16, Red had begun to realize that I had good mechanical aptitude. When I graduated from high school, I had become a proficient mechanic, especially on Citroën DS and SM; even doing major maintenance and engine repairs.

Shortly after Citroën was no

longer sold in the US (1973), the dealership became a Peugeot and Renault franchise, but still there were a fair number of Citroëns coming in for repairs. By the late '70s, the decision was made by Red to no longer sell new cars. The shop closed temporarily then reopened as a Citroën repair and restoration shop with just one mechanic (me).

The shop was very busy repairing and restoring Citroëns until 1993 when Red and I parted ways. In March, 1994 I purchased all of the Citroën parts from Red (and eventually many other dealers and shops) and began Brad Nauss Automotive in Mechanicsburg, PA, specializing in Citroën parts and consultation.

By 1994, I was promoting Citroën as part of the Carlisle

Import show, and the Citroën Club of North America was officially in attendance. Then came the breakup of the club. After many years of promoting activities and enticing Citroën owners to attend the Import Show, I was not going to let it die. Along with a small group of friends, I decided that "Citroëns at Carlisle" would be the new "venue" that would continue to bring Citroëns to Carlisle.

This year, as I celebrate 25 years in business, and 49 years of Citroën involvement, I am proud to be able to promote activities along with support from Carlisle Events, to celebrate 100 Years of Citroën. I hope you will be sure to visit the displays and attend the seminars. The 100 year anniversary only happens ONCE!

Stop by the Citroën area (Building Y & the tent between Buildings T & Y) to say Hi to Brad and see his 1950 Traction Avant 11BL which has been at EVERY Carlisle Import show since the first one in 1986

PODCAST MEMBERS MATT STERLING, LANCE DANMEYER AND KEITH KELLER JUDGING THE ROLLING EXHAUST CONTEST AT THE 2018 IMPORT & PERFORMANCE NATIONALS

By Matt Sterling, The Circuit Podcast

The Circuit Podcast all started because of a certain “loop” in York, PA. This cruising route has been a popular hangout for many a car enthusiast for as long as anyone can remember.

We used to cruise “The Circuit” every Friday and Saturday night. Moving from meetup spot to meetup spot pretty much all night and sometimes until early in the morning. We did this all for the love of everything automotive. It didn’t matter what it was. If it had an engine we wanted to see it.

Which brings us to our Podcast.

This was started because of all the things we loved doing in downtown York with our cars, the thing we did the most was talk about cars – what projects we had, what mods we were planning and even who’s car was the fastest. So we figured, why not bring that same joy we have for this hobby to the masses and let them enjoy it as well?

Our podcast spans tons of subjects – from racing and car shows to car reviews. We try to inject our own brand of humor into the show to make it fun because, let’s be honest, that’s what this hobby is all about.

You can find our podcast on SoundCloud and iTunes and you can keep track of what we are up to by following us on Facebook and Instagram @thecircuitpodcast. You can also find us as the judges in the Rolling Exhaust Contest Finale on Saturday and on the showfield.

SCAVENGER HUNT

Walk around the entire showfield and look for checkpoints that represent each country of vehicle origin. Then, ask the checkpoint staff to add their stamp to this page. For fun, see how many vehicles you can identify along the way.

AFTER THE HUNT

Take your completed passport to Guest Services to get the final stamp (the event logo), pick up your pint glass (while supplies last) and try your luck at winning a prize. We appreciate the generosity of the following businesses for donating prizes: Classic Motorsports Magazine, Marcello's Ristorante, Market Cross Pub & Brewery and Williams Grove Speedway.

GRAND PRIZE DRAWING

While at Guest Services, you may sign up for a chance to win the grand prize: three nights' lodging and weekend admission or showfield registration to next year's event!

AFTER YOU HAVE ALL THE OTHER STAMPS ON THIS PAGE, GET THIS ONE AT GUEST SERVICES:

Carlisle Events purchased the site of the former International Automotive Components (IAC) plant, located on Carlisle Springs Road, three blocks from the Carlisle Fairgrounds, in 2008.

The site has been cleared, plans have been made and approved, red tape has been cut, and infrastructure has begun to take shape despite delays due to higher than usual amounts of rainfall.

Homewood Suites broke ground during Spring Carlisle last month. Soon to follow will be a full-service restaurant, apartment buildings, car condos, townhouses and more!

Carlisle Events' co-founder Chip Miller lost his battle with Amyloidosis after only a few short months of his diagnosis. Join us in helping to raise funds to spread awareness of this disease and help science find a cure.
